

The **Metrix** Storage System is designed to combine three storage options into one hard working system

Whatever category of storage you need, the **Metrix** range of side filers, cupboards and tambours units, work together as one complete system - matching the versatile needs of any modern office

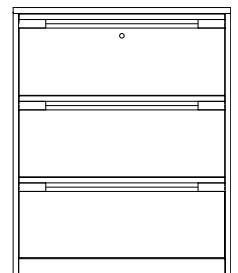

## Metrix side filers

**Metrix** side filers can give you a high level of useable internal capacity. A highly effective way of getting the most in

**Metrix** internal accessories can then build on this advantage and enhance it further

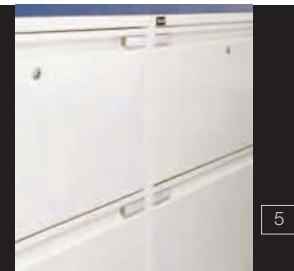

**10 year guarantee**

See page 24 for the full choice of drawer options and sizes

### Key features

- 800 and 1000mm wide options
- 4, 3 and 2 drawer options
- 100% drawer extension
- CD storage optional extra
- Available in the full Triumph colour range
- Counterweights included
- Levelling feet
- High sided drawers
- Swan neck integrated handles
- Interlock anti-tilt prevents 2 drawers opening at any one time

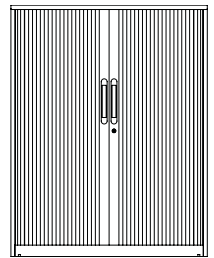

## Metrix tambours

With a scratch resistant, ribbed tambour as standard, they also accept a full range of Triumph accessories and come in a wide choice of colours - so you can customise the look whilst maximising storage capacities

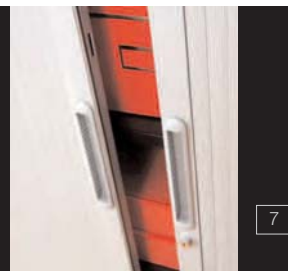

5 year guarantee tambour  
10 year guarantee carcass

See page 24 for the full choice of height and width options

### Key features

- 800 and 1000mm widths
- Anti-tilt safety optional
- Lateral or suspension pocket file optional extras
- Available in the full Triumph colour range
- CD storage optional extra
- Magnetic locking strip
- Levelling feet
- Locking with 2 split bow keys
- Ribbed tambour door with smooth glide action track

People tend to think of storage in horizontal runs, but carefully chosen height variations can be used to create dramatic architectural effect

## The Triumph colour range

This is Triumph's bold range of revolutionary colours for office storage. Based on the latest colour research, each set of colours is designed to allow office environments to offer exactly the right chromatic atmospheres for today.

As colour is more and more interwoven into our everyday lives at work, today's workspace designs must match current colour trends, they use the surfaces and furniture to build exactly the right environment.

The groups of new colours below show how colour can be brought together to produce a desired effect.

### Colour Notes:
